

WesleyLife: A Tradition of *Compassion*

Our comprehensive network of services supports the independence, health and well-being of older adults wherever they call home. We believe everyone should have opportunities for continued growth, experience, engagement and meaning – regardless of physical, social or economic circumstances.

Take the Next Step

When you contact us, we'll schedule a conversation with you and key family members, collect your or your loved one's medical history, and work with you to create a plan. You can expect us to respond promptly with next steps so you can focus on quality time with those you love. And as the journey progresses, we'll continue to be there for all of you.

**Call (515) 271-6777,
and the support begins.**

The WesleyLife *Hospice Legacy*

For more than a decade, WesleyLife has been proud to offer hospice services wherever clients call home. We would be honored to be a part of your family's journey.

Our skilled, compassionate team members will assist you or your family member with medical services, a helping hand, and supportive friendship.

WesleyLife *Hospice*

It's not about death.
It's about *celebrating life*.

Hospice... at Your Side

We join with families on end-of-life journeys. In the environment most comfortable and meaningful to you or your family member, we'll focus on comfort and care so that you can spend *your* time connecting family members, sharing memories, and reflecting on a life well lived.

"Everyone from WesleyLife Hospice helped our aunt feel comfortable, loved, and cared for. Not only did they support and care for Maxine, but they comforted family members as well. You are angels."

– Betty & Jeff Anderson

Who and When We Help

Ideally, the hospice conversation should begin as soon as a person receives a qualifying diagnosis. Virtually anyone with a life-limiting illness can qualify for hospice services, enabling a client to live life in comfort for the days, weeks, months or longer that remain. It's not unheard of for clients to experience a greater sense of well-being and quality of life as a result of hospice services. We believe that in any stage of life, people can live in a meaningful and fulfilling way.

How We Help

WesleyLife Hospice is Medicare-certified. Our experienced medical and nursing team members are skilled in symptom control and palliative care to help you or your loved one remain comfortable. We provide:

- Care coordination
- Symptom management
- Complimentary services such as massage therapy and music therapy
- and more! Personalized plans are tailored to your wishes.

In addition, qualified and fully vetted hospice volunteers can help you or your family member by providing companionship, reading books aloud, writing letters, and performing other tasks as needed and desired.

We Honor Veterans

WesleyLife is a proud Level 4 partner of We Honor Veterans. This national program helps WesleyLife Hospice provide the best end-of-life care to the veterans we serve. It also facilitates expanded training for hospice volunteers and helps us recruit volunteers who are or were in the military, which encourages those special veteran-to-veteran connections to form. We're grateful to We Honor Veterans for this recognition, and we work hard to uphold the belief and trust the group has placed in our care and services.

Wesley Wishes

Through our donor-funded Wesley Wishes program, we provide our clients with one more trip, one more visit, one more special event to provide families with one more meaningful memory. Recent wishes have included a helicopter ride, a trip to a family farm... and a wedding.
